

collected. informed. reassured.
just like you.

Mammotome revolve® is a next generation dual vacuum-assisted biopsy platform. The only device to offer advanced tissue management technology, it is designed to empower clinical decision-making, increase procedural efficiency, and provide optimized sample reliability. **Mammotome revolve®** puts information, ease, and clinical reassurance at your fingertips.

Mammotome revolve®
dual vacuum-assisted biopsy system

Mammotome revolve® for stereotactic-guided procedures provides efficiency and clinical confidence throughout the procedure and onto pathology. Its advanced tissue management system automatically organizes specimens in touch-free collection chambers, which are designed for ease of specimen x-ray and transport to pathology while preserving tissue integrity. Patented DualVac™ technology acquires the desired volume of tissue with fewer passes, while maximizing the amount of intact tissue for clinical confidence.

Specimen Radiograph (8G)

Specimen Management System
Provides touch-free tissue collection in numbered, pathology-ready chambers. Cartridge trays can be flattened and imaged to identify and easily locate calcifications. Organized presentation and visualization of the tissue specimens allows real time sampling adjustment. Confirm sample acquisition at any needle position.

Optimal Firing Speed
Minimize lesion displacement and increase targeting accuracy with the fastest firing velocity of any VAB device on the market today.

DualVac™
Continually holds and secures tissue within aperture resulting in larger, contiguous samples—delivering a more complete picture to pathology.

Cutter LED on Holster
User control and feedback verifies cutter position throughout all phases of the procedure.

Needle Offset
Provides greater access to chest wall lesions.

360° Needle Rotation
Allows you to adjust orientation of needle aperture based on position and approach to lesion.

8G Needle
Sample desired volume of tissue with fewer passes and maximize amount of intact tissue for clinical confidence.

User-Controlled Variable Aperture
Customize parameters in real time to confidently access challenging lesions.

Advanced Needle Technology
Advanced needle design and shape minimize lesion displacement. Enhanced visibility provides targeting efficiency and placement accuracy.

U/S

Redefining procedural efficiency without compromising tissue quality – from positioning to diagnosis.

Mammotome revolve® for ultrasound-guided procedures provides efficiency and clinical confidence throughout the procedure and onto pathology. Its robust, yet lightweight and ergonomic handpiece fits comfortably in your hand, and its advanced needle technology improves ease of insertion. Patented DualVac™ technology acquires the desired volume of tissue with fewer passes, while maximizing the amount of intact tissue for clinical confidence.

Advanced Needle Technology
Advanced needle design and shape minimize lesion displacement. Enhanced visibility provides targeting efficiency and placement accuracy.

8G Needle
Sample desired volume of tissue with fewer passes and maximize amount of intact tissue for clinical confidence.

Ergonomic Design
Lightweight and designed to fit in the contours of the hand.

Robust Design
Robust design with software control logic to enable reliable sampling across a wide range of tissue densities.

Specimen Management System

Capital Equipment

CODE	DESCRIPTION	QUANTITY
REVOLVE1	Includes Mammotome revolve® System Control Module, ST Holster, Cart, Keypad, Footswitch	1
REVOLVE2	Includes Mammotome revolve® System Control Module, Ultrasound Holster, Cart, Keypad, Footswitch	1
REVOLVE3	Includes Mammotome revolve® System Control Module, ST Holster, Ultrasound Holster, Cart, Keypad, Footswitch	1
MSCM1	Mammotome revolve® System Control Module	1
MCART1	Mammotome revolve® System Cart	1
MHKEYP1	Mammotome revolve® Remote Keypad	1
MFOOT1	Mammotome revolve® Remote Footswitch	1
MSTH1	Mammotome revolve® ST Holster (for stereotactic x-ray guided procedures)	1
MHUSH1	Mammotome revolve® Ultrasound Holster	1

Biopsy Site Identifiers

CODE	DESCRIPTION	QUANTITY
MMK0801	8G MammoMARK® Biopsy Site Identifier, Bowtie Shape	10
MMK0802	8G MammoMARK® Biopsy Site Identifier, V Shape	10
MMK1001	10G MammoMARK® Biopsy Site Identifier, Bowtie Shape	10
MMK1002	10G MammoMARK® Biopsy Site Identifier, V Shape	10
STAR0831	8G MammoStar® Biopsy Site Identifier, Barbell Shape	10
STAR0832	8G MammoStar® Biopsy Site Identifier, Tribell Shape	10
STAR0833	8G(p) MammoStar® Biopsy Site Identifier, Barbell Shape	10
STAR1031	10G MammoStar® Biopsy Site Identifier, Barbell Shape	10
STAR1032	10G MammoStar® Biopsy Site Identifier, Tribell Shape	10
STAR1033	10G(p) MammoStar® Biopsy Site Identifier, Barbell Shape	10

Stereotactic Probes

CODE	DESCRIPTION (PROBE INCLUDES TUBE SET AND TISSUE MANAGEMENT SYSTEM)	QUANTITY
MST0809	8G x 9cm Mammotome revolve® Stereotactic Probe	5
MST0812	8G x 12cm Mammotome revolve® Stereotactic Probe	5
MST0815	8G x 15cm Mammotome revolve® Stereotactic Probe	5
MST1009	10G x 9cm Mammotome revolve® Stereotactic Probe	5
MST1012	10G x 12cm Mammotome revolve® Stereotactic Probe	5
MST1015	10G x 15cm Mammotome revolve® Stereotactic Probe	5

Disposable Accessories

CODE	DESCRIPTION	QUANTITY
MG08A	8G Mammotome revolve® Probe Guide, Fork Shape	25
MG10A	10G Mammotome revolve® Probe Guide, Fork Shape	25
MG08B	8G Mammotome revolve® Probe Guide, Button Shape (for GE Upright Systems)	25
MG10B	10G Mammotome revolve® Probe Guide, Button Shape (for GE Upright Systems)	25
MCANISTER1	Replacement Vacuum Canister (800cc) for Mammotome revolve® System	10
MSMB1208	8G (12 chamber) Replacement Tissue Management System	10
MSMB1210	10G (12 chamber) Replacement Tissue Management System	10

Ultrasound Probes

CODE	DESCRIPTION (PROBE INCLUDES TUBE SET AND TISSUE MANAGEMENT SYSTEM)	QUANTITY
MHUS10	10G Mammotome revolve® Ultrasound Probe	5
MHUS08	8G Mammotome revolve® Ultrasound Probe	5

Order Placement

Simply choose the option that works best for you

+ Phone

Contact your Mammotome Customer Service Representative at **1-877-9-A-MAMMO** between the hours of 8:30am and 6:30pm EST.

Shipping details and an order confirmation number will be provided to you upon completion of your order.

+ Fax

Send your order via fax to your Mammotome Customer Service Representative at **1-888-260-6362**.

+ Email

Send your order via email to your Mammotome Customer Service Representative at customerservice@mammotome.com.
